## NOTES

\*With all the sickness going around, we have had a rough week of attendance. I don't like it when my students have to miss, especially when we have important things to discuss and guest speakers. I pray that everyone is better with rest and hydration.

## Special Thanks

A very special thank you goes out to **Finleigh** and her family for supplying our wonderful snacks this past week. The students enjoy sharing some of their favorite foods.

## Upcoming Events

Feb. 24 - Prayer service at 8:15 in our classroom & LEGO Club - pick up at 4:15  
Feb. 25 - Mardi Gras mission party (11-1) and early dismissal (1:00) in the PC  
Feb. 26 - Ash Wednesday  
Feb. 28 - dress down for charity

## Our Focus This Week

\*\*This week we have practiced writing prediction sentences and what actually happened to go along with our science experiment. We also discussed the conclusion in our handwriting lesson. We took 3 hard boiled eggs and placed them in a cup of milk, soda and water. The shell of the egg resembles our teeth. What happens when we drink these items? What happens if we don't brush our teeth?

\*\*In Science, we are discussing healthy teeth. We had Ms. Marcy come on Wednesday to give a demonstration on proper brushing technique and tell us about "sugarbugs". The students are loving all the teeth work on the shelves. We even created our own "hygiene box". Each child now has a container with their own comb, toothbrush, toothpaste, chap stick, and tissues to use as work off the shelf.

\*\*In Religion, we are talking about the five senses that God gave us. Our class will be leading the prayer service on Monday. I sent home some lines for each child to rehearse.

\*\*Our annual Mardi Gras Mission party is Tues., Feb. 25 from 11 - 1. Our king and queen representatives are **Hawke** and **Ellie**. Please send in monetary donations for their containers. We also need cakes for the cake walk, any white elephant donations, snacks and of course quarters to play the games. Please ask if you have any questions!
